Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

My atheism, like that of Spinoza, is true piety towards the universe and  
 denies only gods fashioned by men in their own image to be servants of their  
 human interests.  
 -- George Santayana

5	4	19	31	7	32	23	2	21
6	72	62	28	8	26	38	39	22

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
