Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

Did you know that married men live longer than single men? So, if you want  
 to die a slow death, get married!!!  
 -- Dave Maynard

You can tell it's going to be a rotten day when you walk to work, and find  
 your dress is stuck in the back of your panty hose.

The phrase "we'll (you) simply MUST ..." designates something that need not be done. "That goes without saying" is a red warning. "Of course" means you had best check it yourself. These small-change clues and others like them, when read correctly, are reliable channel markers.  
-- Lazarus Long

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
