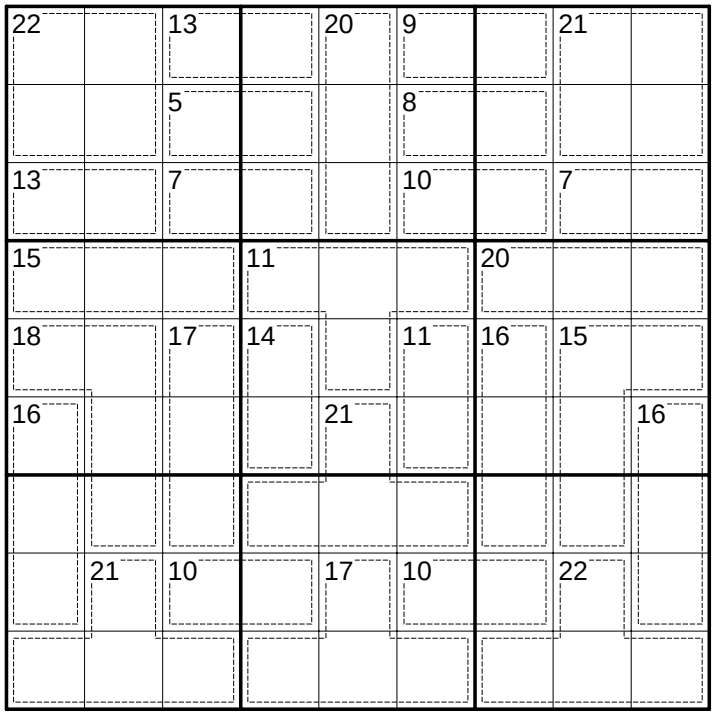
Killer Sudoku #8



KrazyDad runs on electriy and caffeine. Want to buy me a cup of coffee? You can donate at http://krazydad.com. Or by mail: KrazyDad, P.O. Box 303 Sun Valley, CA 91353 USA Thank you for helping out!

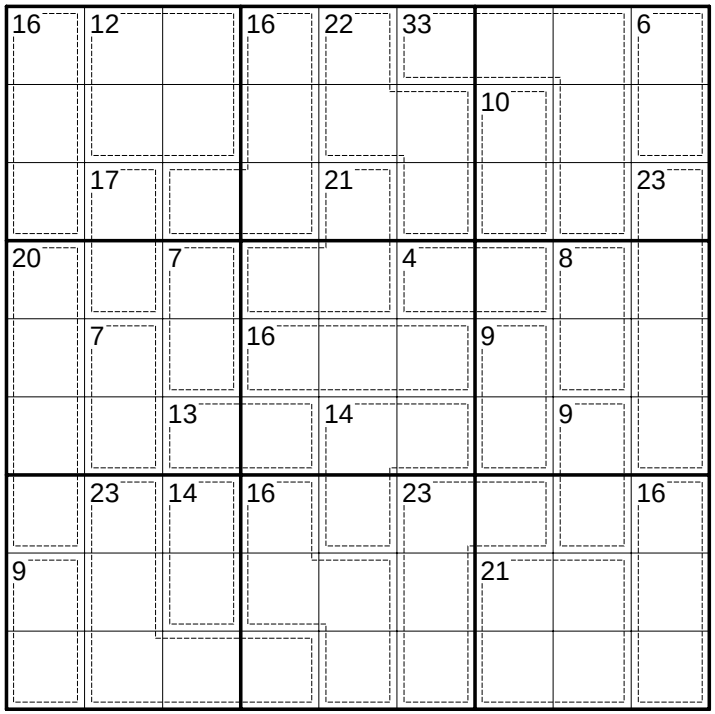
Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

Super-Tough Killer Sudoku Puzzles, Volume 12, Book 73

Killer Sudoku #1



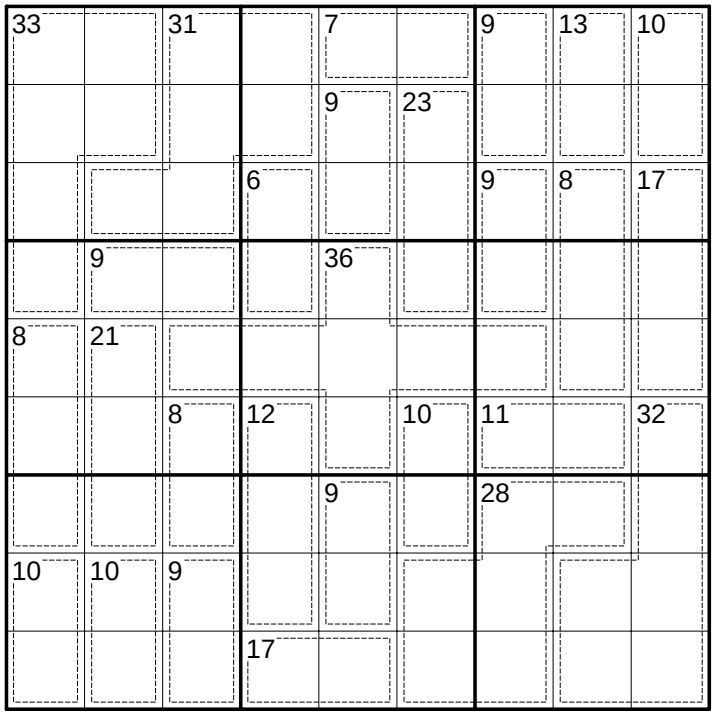
"What is called genius is the abundance of life and health." – Henry David Thoreau

Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

Killer Sudoku #2



Is it bang for the buck, or pennies for a pop?

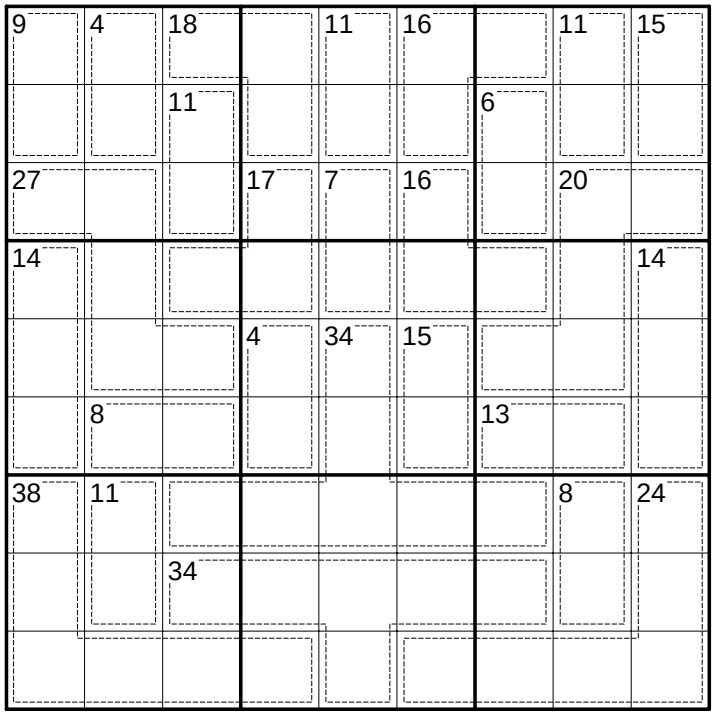
Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

Super-Tough Killer Sudoku Puzzles, Volume 12, Book 73

Killer Sudoku #7



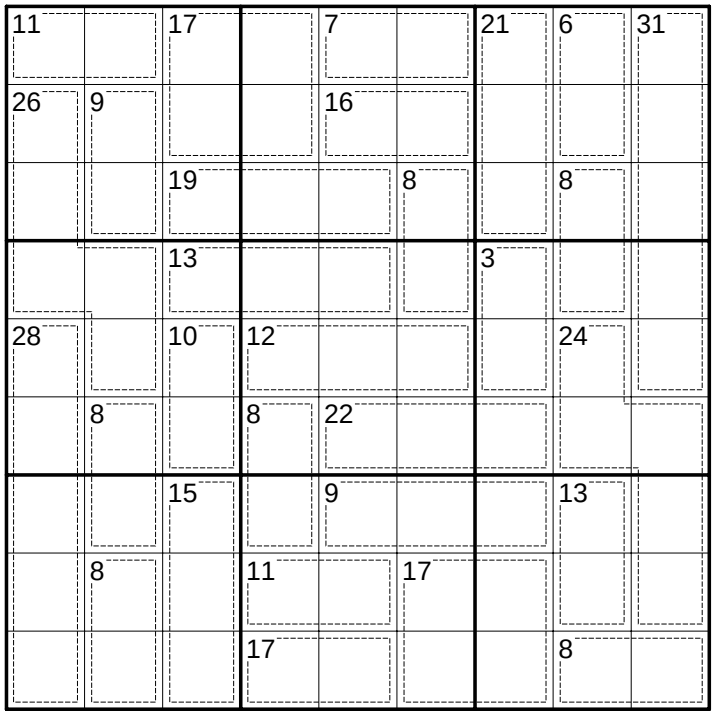
Day of inquiry. You will be subpoenaed.

Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

Killer Sudoku #6



When a pencil point breaks, the nearest sharpener is exactly 1000 feet away.

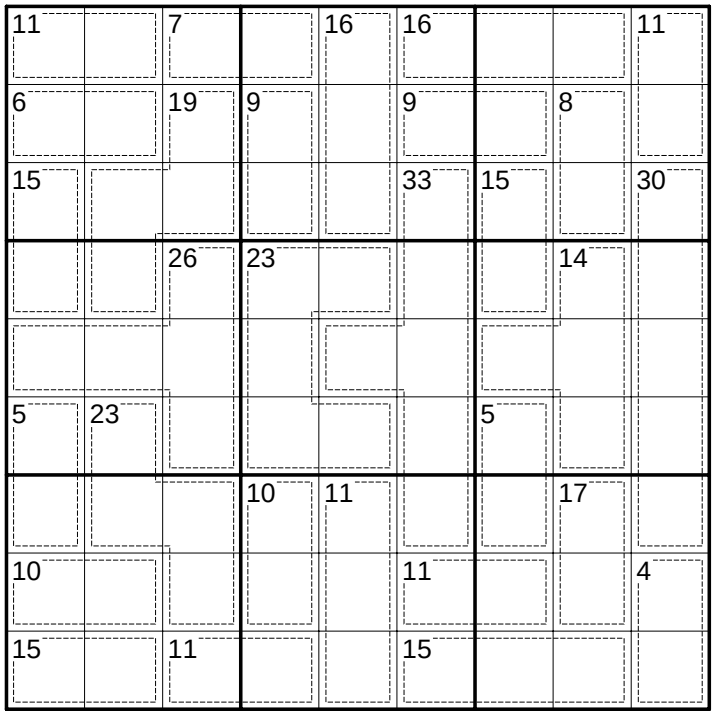
Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

Super-Tough Killer Sudoku Puzzles, Volume 12, Book 73

Killer Sudoku #3



Age and treachery will always overcome youth and skill.

Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

23	39	4	5	40	6	7	41	38
47	48	28	49	50	42	32	66	67

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
