Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Security is mostly a superstition. Security does not exist in nature, nor do
 the children of men as a whole expect it. Avoiding danger is no safer in
 the long run than outright exposure. Nothing is either a daring adventure or
 -- Helen Keller

Act well at the moment, and you have performed a good action to all
 eternity.

40	70	44	59	60	37	45	61	71
62	72	46	47	63	8	20	21	64

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use. Put the numbers in the numbered squares in order 1, 2, 3 until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
