Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

There are two ways to write error-free programs. Only the third one works.

You can choose a ready guide in some celestial voice; if you choose not to decide you still have made a choice. You can choose from pudding, peas or kindness that could kill. I will free will. I will choose. -- Rush

You understand human nature and sympathize with its weakness.

You are dishonest, but never to the point of hurting a friend.
