Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

By night an atheist but believes a God -- Edward Young

Always pray that your opposition be wicked. In wickedness, there is a strong strain toward reformation. Therefore, God is always the possessor, in theory, of handling the wicked by punishing them.  
 --Martin J. Levy, Jr.

If we do not change our direction we are likely to end up where we are headed.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you used to solve the puzzle. Follow the numbered squares in order 1, 2, 3 until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
