Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

You have a healthy appreciation of your abilities, and a keen awareness of your limitations.

The most merciful thing in the world is the inability of the human mind to comprehend its contents.
-- H. J. Lovcraft

A man who knows the world will not only make the most of everything he does
 know, but of many things that he does not know, and will gain more credit by
 his dull mode of thinking, than the great man who will gain more credit by
 attempt to exhibit his erudition.
 -- Colton

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you used to solve the puzzle. Follow the order of the squares in order 1, 2, 3 until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
