Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Works without faith are like a fish without water. It wants the element it should live in. A building without a basis cannot stand; faith is the foundation, and every good action is as a stone laid.
-- Feltham

37	76	77	29	32	64	78	79	52
45	1	53	25	24	54	65	55	46

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
