Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

Surely there is something in the unafflicted calm of nature that overcomes our  
 little anxieties and doubts. The serenity of the deep-blue sky, and the  
 clustering stars above, seep into our hearts and impart a quiet to the mind.  
 —Edwards

"In order to have wisdom we must have ignorance."  
 —Theodore Dreiser

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use. Put the numbers in the order 1, 2, 3 until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
