Fill in the blank squares so that each row, each column and each 3-by-3 block contain all of the digits 1 thru 9.

The dotted lines indicate areas which also contain a non-repeating set of digits. These squares can be added together to produce the sums shown in the clues.

Be sure to use the answers page if you get stuck!

Fathers alone a father's heart can know. What secret fides of still enjoyment
 join when brothers love, but if they have secrets. They wage the war, but
 his feet have blades.
 -- Edward Young

46	40	45	60	70	71	61	36	29
81	38	39	72	73	74	75	37	30

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use. Put the numbers in the order listed in order 1, 2, 3 until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
