

# Test Roshambo Hard

#1

© 2025 krazydad.com

The finished puzzle should be filled with Xs, Os, and Is. Rows and columns should never contain three-in-a-row of any one symbol and should contain an equal number of each symbol. O, I, X are rock, paper, scissors respectively. Clues between pairs show the result of the first symbol against the second. There is a unique solution.

Big thanks to Jared McComb, who suggested this puzzle design, and aided in its development.
