As one gets older, one discovers everything is going to be exactly the same with different hats on.
-- Noel Coward

When a customer buys a low-grade article, he feels pleased when he pays for it and displeased every time he uses it. But when he buys a well-made article, he feels extravagant when he pays for it and well pleased every time he uses it.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
