And science, we should insist, better than any other discipline, can hold up
 to its students and followers an ideal of patient devotion to the search for
 objective truth, with vision unclouded by personal or political motive.
 -- Sir Henry Haller, Dali

		36	54	46	14		47	
29	37	30	5	38	48	23	39	

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
