The Three Laws of Thermodynamics:

- The First Law: You can't get anything without working for it.*
- The Second Law: The most you can accomplish by working is to break even.*
- The Third Law: You can only break even at absolute zero.*

Critics are a kind of freebooters in the republic of letters -- who, like deer, goats, and divers other gramniverous animals, gain subsistence by gorging upon buds and leaves of the young shrubs of the forest, thereby robbing them of their verdure, and retarding their progress to maturity.

-- Washington Irving

Experience keeps a dear school, but fools will learn in no other, and scarcely in that; for it is true, we may give advice, but we cannot give conduct. Remember this: They that will not be counseled cannot be helped. If you do not hear reason she will rap you over the knuckles.

-- Benjamin Franklin
