No man can possibly improve in any company for which he has not respect enough to be under some degree of restraint.
-- Chesterfield

It is difficult to produce a television documentary that is both incisive and probing when every twelve minutes one is interrupted by twelve dancing rabbits singing about toilet paper.
-- Rod Serling

			15		16	32	33	34
17	18						39	35
19	4			5	6			

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
