There is a tide in the affairs of men, Which, taken at the flood, leads on to fortune: Omitted, all the voyage of their life Is bound in shallows and in miseries: On such a full sea are we now afloat, And we must take the current when it serves, Or lose our ventures.
-- Shakespeare

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
