Space is big. You just won't believe how vastly, hugely, mind-
 bogglingly big it is. I mean, you may think it's a long way down the
 road to "The Hitchhiker's Guide to the Galaxy."

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
