Any dramatic series the producers want us to take seriously as a representation of contemporary reality cannot be taken seriously as a representation of anything -- except a show to be ignored by anyone capable of sitting upright in a chair and chewing gum simultaneously.
-- Richard Schickel

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
