Stop smoking!

It's odd, and a little unsettling, to reflect upon the fact that English is the only major language in which 'f' is capitalized in many other languages. For 'f' is capitalised and the 'f' is lower case. --Sylvia J. Harris

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
