In America everybody is of the opinion that he has no social superiors, since all men are equal, but he does not admit that he has no social inferiors, for, from the time he gets from one kind of fact he has no social equals, he takes the rest of the world for his inferiors.
-- Bertrand Russell

	12		33		47	34	18	7
48	13	49			35	36	17	
	50	51	23	24	52		14	9

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
