*No man is so foolish but he may sometimes give another good counsel, and no
man so wise that he may not easily err if he takes no other counsel than his
own. He that is taught only by himself has a fool for a teacher.
— Ben Johnson*

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3,... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
