Confront a child, a puppy, and a kitten with a sudden danger: the child will  
 turn instinctively for more assistance, the puppy will grovel in object  
 submission, the kitten will brace his tiny body for a frantic resistance.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
