(a) Completion of any task within the allocated time and budget does not  
 bring credit upon the performing personnel – it merely proves the task was  
 tested and accepted. Tasks are to be completed within the allocated  
 time and budget. Proves the task was completed and requires  
 promotion for those in charge.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
