It happened that a fire broke out backstage in a theater. The clown came out to inform the public. They thought it was just a jest and laughed. He repeated to an audience member, "I am not kidding. I think the world will think I am kidding." The audience member replied, "I think the world will think you believe that it is a joke."

A dozen, a gross, and a score,
Plus three times the square root of four,
Plus five times the season,
Equals nine squared plus zero, no more.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
