The various opinions of philosophers have scattered through the world as many plaques of the mind as Pindar's torn and those of the body, only with this difference: that they have no sign hope on the bottom.
—Jonathan Swift

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
