"Wouldn't the sentence 'I want to put a hyphen between the words Fish and And and And and Chips in my Fish-And-Chips sign, have been clearer if quotation marks had been placed before Fish, and between Fish and and, and and And, and And and and, and and And, and And and and and and and and, and and and Chips, as well as after Chips?'"

In America everybody is of the opinion that he has no social superiors, since all men are equal, but he does not admit that he has no social inferiors; for, from the time of Jefferson onward, the doctrine that all men are equal applies only upwards, not downwards.
-- Bertrand Russell

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
