*For the rule of the wise over the less wise to be advantageous ... it must come about by a process of consent. And the requirement of consent can be understood only in the light of, and by recognition of, natural equality.*  
-- Harry V. Jaffa

36	19	17	40	53	49		38	34
18	11			1		7		23

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3,... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
