It is always preferable to visit home with a friend. Your parents will not be pleased with this plan, because they want you all to themselves and because in the presence of your friend, they will have to act like mature human beings.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
