Science seeks generally only the most useful systems of classification; these it regards for the time being, until more useful classifications are invented, as true.
-- S. I. Hayakawa

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3,... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
