Spite is a little word, but it represents as strange a jumble of feelings and compound of discords, as any polysyllable in the language.

What you think means more than anything else in your life. More than what you earn, more than where you live, more than your social position, and more than what anyone else may think about you.

The capacity of human beings to bore one another seems to be vastly greater than that of any other animals. Some of their most esteemed inventions have no other apparent purpose, for example, the dinner party of more than two, the epic poem, and the science of metaphysics.
-- H. L. Mencken

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
