For specialization is a process that begins as an attempt to develop experts, who will then inform the whole body. It can end, however, and sometimes does, in the removal of an individual's specialness, not all that expert. -- Michael Scully

And he gave it as his opinion, that whoever could make two ears of corn, or two blades of grass, to grow upon a spot of ground where only one grew before, would deserve better of mankind, and open up a new and essential service to his country, than the whole --
--Jonathan Swift--

	45		31	32	47	30	46	13
51	49		9	50		8		48

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
