*To build something that endures, it is of the greatest importance to have a long tenure in office -- to rule for many years. You can achieve a quick success in a year or two, but nearly all the great tycoons have continued their building much longer.
-- Antony Jaxy*

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
