I can compare our rich misers to nothing so fitly as to a whale: that plays
and tumbles, driving the poor fry before him, and at last devours them all at
a mouthful.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
