A bathroom hook will be loaded to capacity immediately upon becoming available. This also applies to freeways, closets, playgrounds, downtown hotels, taxis, parking lots, schools, restaurants, bus stops, piers, pipe racks, basement shelves, and so on. The list is endless.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
