A sentence well couched takes both the sense and the understanding. I love
 not those curt-ropes speeches that are longer than the memory of man can
 follow.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
