I have learned this at least by my experiment: that if one advances
 confidently in the direction of his dreams, and endeavors to live the life
 which he has imagined, he will meet with a success unexpected in common
 hours.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
