It seems that nature has concealed at the bottom of our minds, talents and abilities of which we are not aware. The passions alone have the privilege of bringing them to light, and of giving us sometimes views more certain and more perfect than art could possibly produce.
-- La Rochefoucauld

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
