A Galileo could no more be elected president of the United States than he
could be elected Pope of Rome. Both high posts are reserved for men favored
by God with an extraordinary gift of self-illusion.

Schapiro's Explanation:
The grass is always greener on the other side -- but that's
because they use more manure.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
