For 40 years I have analyzed stocks and other money markets. Now I have made a remarkable discovery. The Confederate dollar has risen in value 7.4 percent a year since 1965. It has outperformed the German mark, the Japanese yen and the Swiss franc.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
