The amount of quinn, authentic, rustic charm varies inversely with the
 pounds per square inch of water pressure in the shower. High charm, low
 pressure.

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
