In all the many-colored worlds of the universe no single ethical code shows a universal force. ... I am convinced that virtue is but a reflection of good intent.
-- Magnus Ridolf

Social institutions will change only at the speed required to protect them from attack -- slowly or fast to the degree required, but usually slowly. They will put off change as long as possible.
-- Arthur Herzog

28	22	25	49	15		37		29

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
