Perfect happiness, I believe, was never intended by the Deity to be the lot of one of His creatures in this world; but that He has very much put in our power the nearness of our approaches to it, is what I have steadfastly believed.
-- Thomas Jefferson

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
