I noticed that some household columns suggest that people use elbow grease for cleaning. After a long and fruitless search, I still have been unable to find this amazing product. Could you tell me where to buy it?

It's not, it isn't ain't, and it's, not its, if you mean it is. If you don't, it's its. Then too, it's hers. It isn't her's. It isn't our's either. It's ours, and likewise yours and theirs.

Many books require no thought from those who read them, for a very simple reason – they made no such demand upon those who wrote them. Those works, therefore, are the most valuable that set our thinking faculties in the fullest operation.

Answers

Super-Tough Sudoku by KrazyDad, Volume 8, Book 56

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
