Instead of giving money to fund colleges to promote learning, why don't they pass a constitutional amendment prohibiting anybody from learning anything? If it would be good, it would be good, and we would have the same interest rate of people on earth."

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
