*When I was ten, I read fairy tales in secret and would have been ashamed if I had been found doing so. Now that I am 50, I read them openly. When I became a man, I put away childish things -- including the fear of childishness and the desire to be grown-up.*

*The phrase "we(I)(you) simply MUST ..." designates something that need not be done. "That goes without saying" is a red warning. "Of course" means you had best check it yourself. These small-change cliches and others like them, when read correctly, are reliable channel markers.*
