"Beware of the man who works hard to learn something, learns it, and finds himself no wiser than before. Bokonon tells us: 'He is full of materialism, resentment of people who are the hard way, having come by their ignorance -- Kurt Vonnegut, 'Cat's Cradle'"

Madam, there's no such thing as a tough child -- if you perhail them
 first for seven hours, they always come out tender.
 -- W. C. Fields

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1,2,3... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
