*No matter how often you trade dinner or other invitations with in-laws, you will lose a small fortune in the exchange. Corollary: Don't try it; you cannot drink enough of your in-laws' booze to get even before the liver fails.
-- Jackson Clark*

∴ It has been observed that one's nose is never so happy as when it is thrust into the affairs of another, from which some physiologists have drawn the inference that the nose is devoid of the sense of smell.
 -- Ambrose Bierce

*Dimensions will always be expressed in the least usable term.
Velocity, for example, will be expressed in furlongs per fortnight.*

INSTRUCTIONS: These hint grids reveal the order in which the squares were solved by my computer. It's not necessarily the same order you would use, but it's probably close. Follow the numbered squares in order 1, 2, 3, ... until you find a square you haven't solved yet. This square (or the one or two immediately after it) is a good candidate to solve next.
